STRAIGHT LINE FROCKS SHOWN AT SPRING STYLE OPENINGS

FOR MORNING AND AFTERNOON

By BETTY BROWN

NEW YORK, March 20.—First showings of imitations from Paris establish the fact that the straight line frock is to continue in good style this spring and summer.

The straight line frock is often fashioned with a seam at the low waist line, as in the elegant linen morning dress shown today; or the fullness may fall in fine plaiting from the bust line and be confined about the hips

by a loose girdle as in the transparent afternoon gown.

The rather short and large sleeves of the linen coat dress and the extra long and tight sleeves of the afternoon frock are an interesting contrast, which every observing woman will note.

The collaries decollete neck, moderately low and round, promises to become increasingly modish as a feature of afternoon gowns.

Post This Bodyguard Around Your Children

You Can Keep Them Free from Colds Without Dosing.

These two fine boys have a "Little Bodyguard" to protect them against sudden attacks of croup or cold troubles. Their mother Mrs. C. C. Evinger, 1224 N. 6th St., Terre Haute, Ind., writes—

"I have tried your Vick's Vaporub on my two boys (who are nineteen months and three and

one-half years old respectively), and have found it very satisfactory when they had the croup. The first application helped to loosen the phlegm, making them rest more easily, and they were able to go to sleep. Vaporub also helped them when they had severe colds. I can recommend it to all mothers."

But the best part about this "Little Bodyguard"—Vaporub, is that it is applied externally and hence can be used freely, with perfect safety, on the smallest child, as often as wished. Three size, 25c, 50c or \$1.00.
